BED, BATH & BEYOND

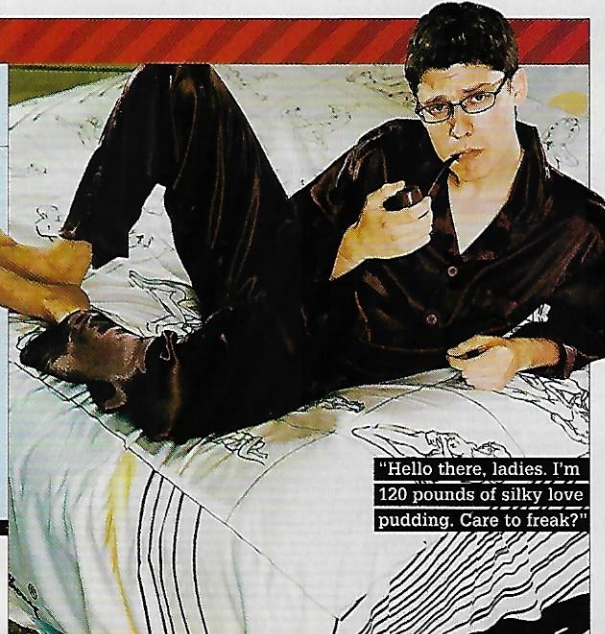

# CHEAT SHEETS

This kinky linen is a sex-position road map for your bed. Now all you need is a blind girl.

**About to seal** the deal but worried your lack of sexual creativity will result in another bout of missionary-induced narcolepsy? Grace your Hide-A-Bed with these Sheets Gone Wild and enjoy the handiness of having 35 line drawings depicting Kama-sutra

suggestions available for quick reference. Too many to choose from? Blindly fish one of the pretzel-sex emblazoned chips from a sack, or take turns tossing the kit's beanbags, and let fate decide which contortionist position will result in your inevitable groin tear.

A mere \$140 for a queen-size set—including 300-thread-count sheets, two pillowcases, and game paraphernalia—guarantees that even on off nights you'll have a reminder of your sexual inadequacies. (damonanthony.com)
